Announcements

- How did homework1 go?
 - If you started the homework late (last day or so), you had a pretty painful time (remember, we can see when you started). Future assignments will be a bit (a bit) more difficult / longer than this one.
- [Dave Carr's Blender courses](#) at the Ann Arbor Art Center are [taking registrations now](#). Consider them if you'd like to take your Blender skills further beyond the contents of this class (into things like art styles, etc).
- Assignments Due
 - [1. Blender Basics](#)
- Assignments Released
 - [2. Geometry and Materials](#)
- [Welcome to 3D Software](#)
- Blender-made Oscar-winner *Flow* nears the 40-million mark in revenue.

- If you enjoy cheat-sheets, [there are plenty for Blender's hotkeys](#).
- An alternative to cheat-sheets– [Your favorite AI assistant](#).
 - (Blender documentation is pretty poor, so please use this approach instead).
