- Shoutout to [the 30+ students working late last night on homework3.](#)
 - Special shoutout [to this person in particular.](#)
- Your character creation skills [are leveling up fast](#), and are approaching [commercial indie-grade.](#)
 - Main thing that is missing– posing and basic animation.

[This level of quality can make millions.](#)

- What does a “sharp” edge mean? If you ever see edges with a unique color (marked as “sharp” or “seam”), Blender will handle it differently. [For instance, when using the subdivision surface modifier or UV mapping. A good example of a place where AI can help us accelerate our learning.](#)
